Athenian Academy Fall Highlights

Written by: Ms. Padberg

Whether you celebrate Christmas, Hanukkah, Kwanzaa, Las Posadas, or another holiday, I hope you enjoy a well deserved break from school.

If we have not yet met, my name is Ms. Padberg. It is nice to meet you. I am a middle school journalism teacher at Athenian Academy. You may see me around campus with a camera at school events or coaching volleyball. I have been educating students here since 2024, and it has truly been an incredible experience.

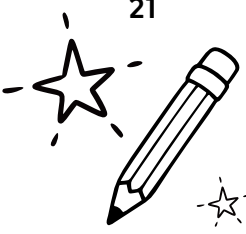

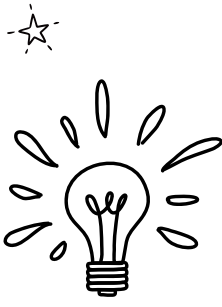

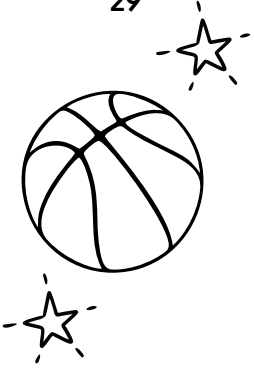

Athenian Academy has had a wonderful fall semester. Our students have shown academic growth across all grade levels. Elementary students increased their STAR and FAST test scores, and our middle school students demonstrated growth as well. We are proud of our students for their dedication during tutoring and instructional lessons. Congratulations to those who increased their scores or leveled up.

Our Olympians have built a strong sense of teamwork this season. Our cheerleaders, the newest addition to our school, have brought incredible energy to the basketball court. Due to high student interest, we were excited to add a JV girls basketball team this season. Congratulations to our varsity girls basketball team for making it to the playoffs. All of our athletes have been working hard and continue to grow with each game.

The holiday show was one of my favorite memories from December. The students sang and danced their hearts out, and their hard work truly shined.

To our staff, students, and families, I hope you are proud of yourselves. We worked hard this month, and now it is time to celebrate the holidays and enjoy a well deserved break.

Athenian Sports

The Olympian Boys Basketball Season

The boys' basketball team is still searching for its first win this season, currently holding an 0-7 record, but the scoreboard doesn't tell the whole story. Each game has been a learning experience, and the team continues to show growth, determination, and school pride every time they step onto the court.

Despite facing tough opponents, the players have been working hard in practice to improve their skills, communication, and teamwork. Coach P has emphasized effort, hustle, and discipline, and those qualities have been evident in recent games, especially on defense and in overall energy.

The season is far from over, and the team remains focused on improving one game at a time. With continued support from students, staff, and families, the boys are motivated to keep pushing forward and finish the season strong.

Make sure to come out and support the team at their last home game on —your encouragement makes a difference.

Athenian Sports

The Olympian Girls Basketball Season

The girls basketball program has had a strong season highlighted by teamwork, effort, and success. The varsity team currently holds a 5–2 record and has earned a spot in the playoffs, while the JV team stands at 1–1 and continues to build valuable experience.

The girls have shown discipline, confidence, and strong communication on the court, translating hard work in practice into competitive performances during games. Their commitment and determination have been evident in every game they play.

As the season continues, they remain focused on finishing strong and representing the school with pride. We encourage students, staff, and families to continue supporting the team as they head into playoffs.
