February 2026

## February: The Shortest Month, Packed With Big Moments

Written by: Ms. Padberg

February may be the shortest month of the year, but it is packed with excitement both on and off campus. Between school events, athletic tryouts, celebrations, and special activities, there is always something happening.

This month features academic highlights like the Science Fair and International Greek Language Day, along with school spirit events such as Candy Grams, Spirit Night, and the Valentine's Day Dance.

Athletics are also in full swing with volleyball, soccer, and flag football tryouts, strength training, and service opportunities like the Save Club Beach Clean-Up.

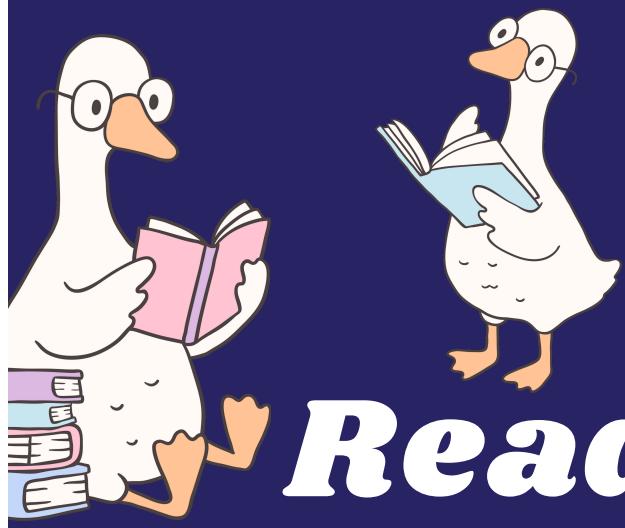

With so much going on, February proves that 28 days is more than enough to make lasting memories.

### Things to Do Outside of School This February

- Watch the Olympics and cheer on athletes from around the world
- Celebrate Valentine's Day with family, friends, or classmates
- Tune in to the Super Bowl for football, halftime, and commercials
- Explore Black History Month through books, movies, and community events
- Learn about International Women and Girls in STEM by discovering inspiring scientists, engineers, and innovators
- Get outside with a walk, bike ride, or beach day during cooler Florida weather
